Welcome to RobotEar!

This is what you will see when the page is first loaded!

Main Functionality:
 To begin using our robot ear to transcribe your music into a music sheet, you will need to have a .wav file ready of your audio.

Step 1.) click on the "Upload your .wav file" paper icon

Our webpage only accepts .wav files, so choose your .wav audio file

Step 2.) Download your music sheet pdf! Click on the download pdf button icon

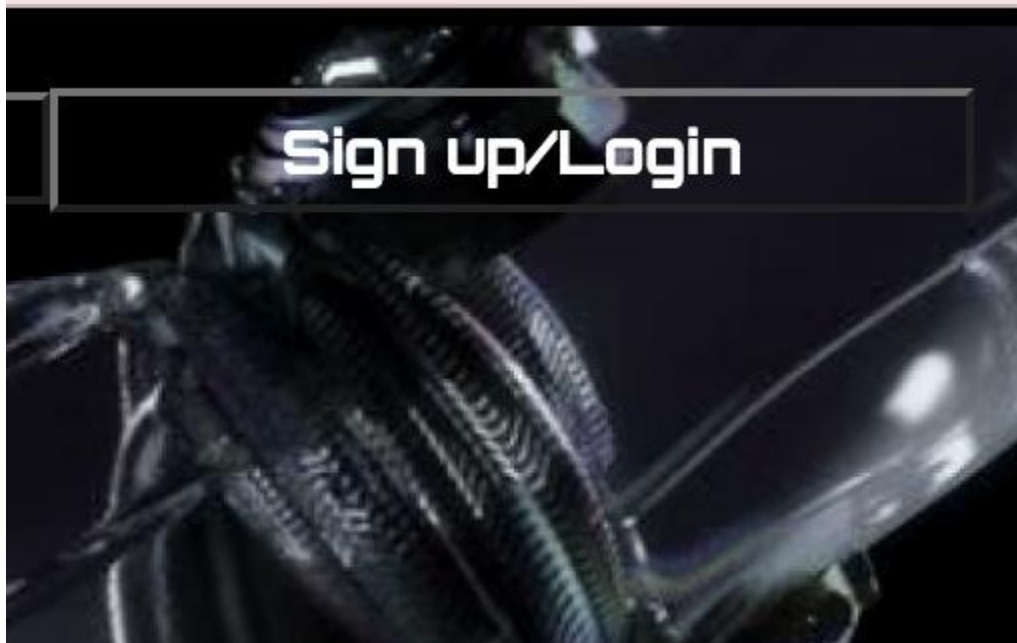

Step 3.) You should see your musicSheet.pdf downloaded on your computer!
